**To whom it may concern**

Black Glod integrated Solution Co LLC (Black Gold) is pleased announce that Kunooz Oman Holding SAOC (Kunooz Oman) has selected Black Gold as their HSE Consultant to develop and implement Occupational Health, Safety and Environment Management System across the group. Black Gold is an Omani company offering customized Business & Technical advisory services and products, enabling clients to realize higher business values.

Kunooz Oman is the consolidated companies of Al Rawas family, which includes five subsidiaries and two associates within mining, quarrying, transportation and construction material sector. This engagement demonstrates the commitment of Kunooz Oman towards maintaining uncompromising HSE standards ultimately leading to the relevant international certifications.

Kunooz Oman considers Health, Safety and Environment protection as essential values at the basis of its business. It is their aim to spread a positive HSE culture at all organizational levels in the company. At the same time it is increasingly becoming a means of strengthening ties between different locations and business units across the Group. The intention of this move is to initiate a systematic and comprehensive integration of HSE issues in the management of the Company's operations under various Subsidiaries and sectors.

Black Gold has an excellent track record of developing Quality, Health, Safety and Environment (QHSE) Management systems that meet international standards as well as the stringent requirements of companies from varied sectors like oil, energy, logistics, manufacturing and mining.

Wishing Kunooz Oman all the best in this journey of implementing Health, Safety & Environmental Management systems and success in its endeavors.

Yours Sincerely,

**Rajan Venkateswaran**, MBA, M Phil.  
Managing Director
